- Lifetime Support

DESIGN

- Low-profile and sleek
- Unique DiamondShield finish delivers a stunning appearance with enhanced resistance to salt and harsh weather conditions
- Textured and matte black coated aluminum frame offers maximum protection without sacrificing style
- Zinc-nickel plated hardware and fasteners
- Lightweight

LATCHING

- One-sided operation from tailgate to bulkhead
- Secure the tonneau cover even with the tailgate up
- Use cable release quick latch without fully opening the tailgate

- Can shut the tonneau cover with the tailgate closed
- Latches easily slide across cross members, ensuring easy, quick adjustment and proper fitment

SEALS

- Rubber components are UV and weather-tested
- Triple-fin side seals ensure additional weather protection
- The rear fin seal is designed and tested for repeated tailgate use

PANELS

- Heavy gauge aluminum formed panels provide enhanced dent resistance while minimizing the weight of the cover

INSTALLATION

- No full-length drainage rails that interfere with the cargo area

- Unique bracket system is secured to the bed using our proprietary clamping system that doesn't use cumbersome C-clamps
- Easy to install and remove
- Comes fully assembled
- No drilling or modifications are necessary, making installation a breeze

SECURITY

- Secure your truck bed against unauthorized access when paired with a locking tailgate
- Keeps your cargo safe by keeping the contents out of sight and out of mind

COST & COMPETITOR COMPARISSON

- Enhanced usability with minimal impact on overall cost
